THE GREATEST MEDICAL DISCOVERY

year old, to old people of sixty. I have seen poor, puny, wormy, looking children, whose flesh was soft and dabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache one bottle will always cure it. It gives great relief in catarrh and distinces. Some who have taken it have been coative for years, and have been regalated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but yop must not be slarmed; they always disappear in from four days to a wook. There is never a had result from it; on the countrary, when that feeling is zong, you will feel yourself like a new person. I heard some of the most extravagant encominums of it that ever man listened to.
